---

---

---

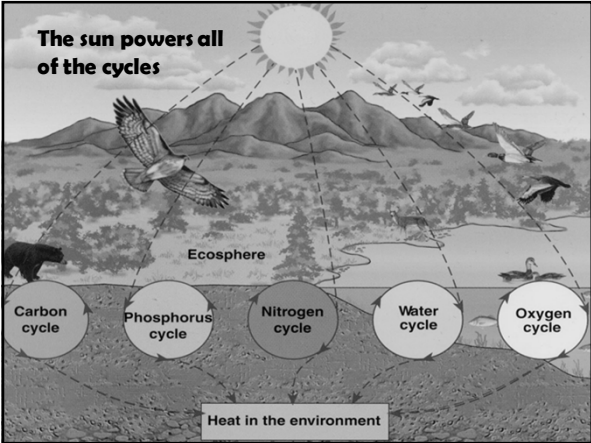

---

---

---

---

---

---

---

---

Of the 103 known chemical elements  
24 are required by organisms

### Macronutrients

*elements required in large amounts for all life*

### The Big Six

*fundamental building blocks of life*

---

---

---

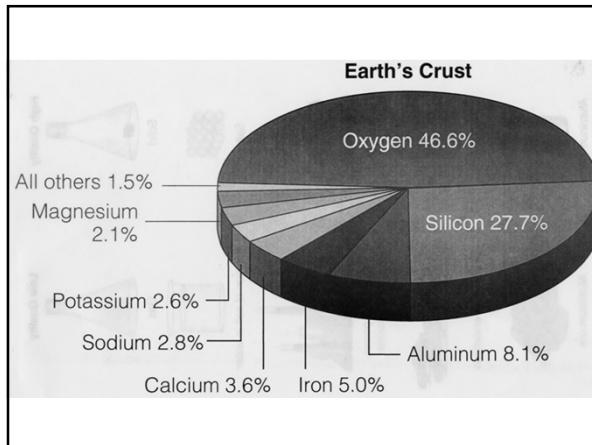

---

---

---

---

---

---

---

---

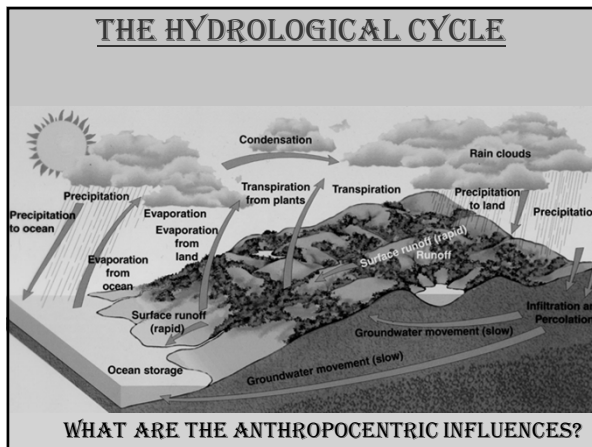

---

---

---

---

---

---

---

---

---

---

---

---

---

## Important points to remember!

How does water enter the atmosphere?

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

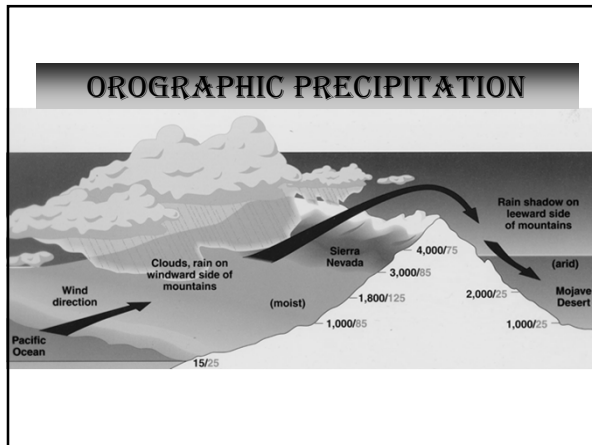

---

---

---

---

---

---

---

---

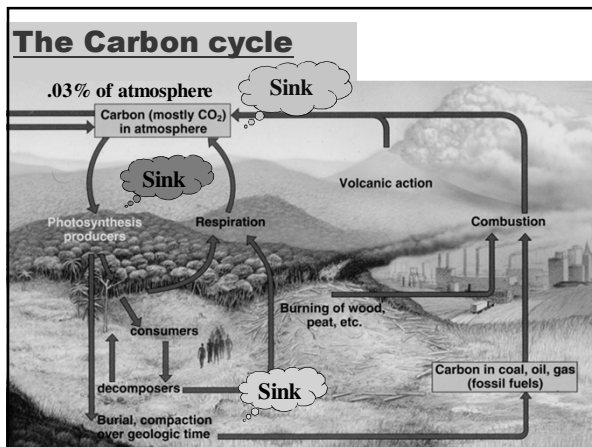

---

---

---

---

---

---

---

---

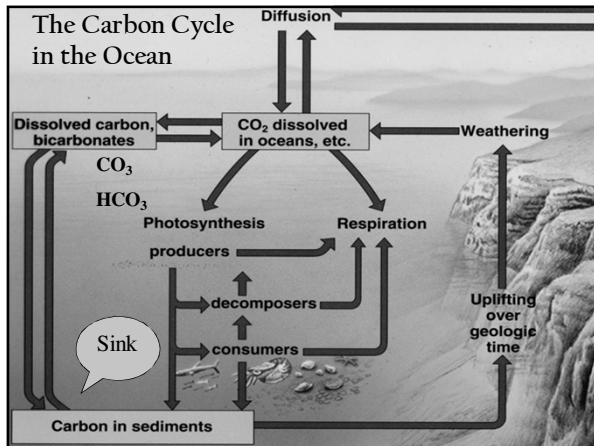

---

---

---

---

---

How have we altered the carbon cycle?

---

---

---

---

---

---

---

---

---

---

---

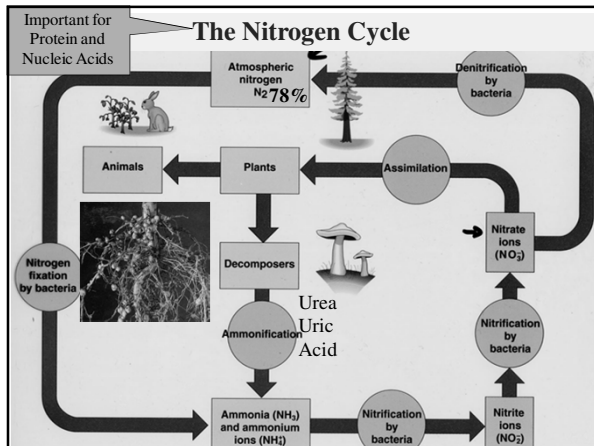

---

---

---

---

---

---

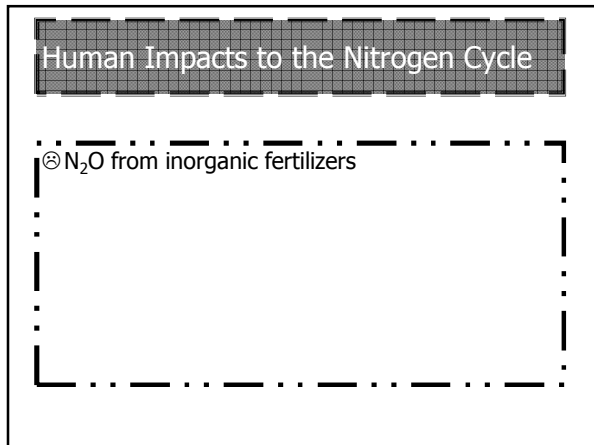

---

---

---

---

---

---

---

---

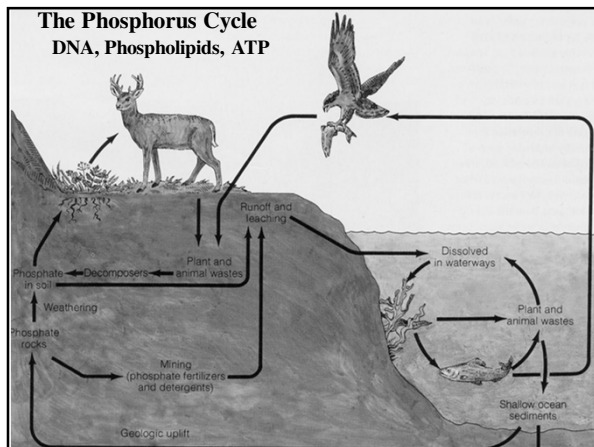

---

---

---

---

---

---
