## Chapter 3: Defining Terms

### B I O L O G Y

**Directions:** *Define the following terms using your notes and textbook*

1. ***Robert Hooke-***

2. ***Cell theory-***

3. ***Prokaryotic cells-***

4. ***Eukaryotic cells-***

5. ***Cytoplasm-***

6. ***Nucleus-***

7. ***Endoplasmic reticulum-***

8. ***Ribosome-***

9. ***Golgi apparatus-***

10. ***Mitochondria-***

11. ***Vacuole-***

12. ***Cell wall-***

13. ***chloroplasts-***

14. ***Selectively permeable-***

15. ***Diffusion-***

16. ***Osmosis-***

17. ***Facilitated diffusion-***

18. ***Active transport-***

19. ***Endocytosis-***

20. ***Phagocytosis-***
